Chorus

Standing out in the rain
Wanna come home again
Just wanna here you say
You still love me
I made so many mistakes
Just might be too late
Then I hear you say, you still love me

Verse

How can you give me another chance
Knowing I just might do it all again
Even when I wanna do right, I still do wrong
Lord I need you to help me find my way back
home

Chorus (1x)

Verse

I feel so ashamed now, I let you down
Can you forgive me some way, some how
If I call your name will your love remain
Oh lord I really wanna please you
Lord I need you

Bridge

Here I stand
Raindrops falling fast
Without you it's so cold
I wanna come back home
Lord I need to feel your love
Surrounding me completely
I wanna come back home

Chorus (1x)

No more standing in the rain
Lord you love me
I'm back home again
No more standing in the rain, no
Lord you love me
I'm home again
