## JUST WHAT YOU NEED

.....

Come on, come on  
Don't you know that He can be  
Just what you need

### **Verse**

You've been running around  
Trying to figure how to make it on your own  
Life's hard enough, don't wanna give up  
But it's hard all alone  
Been criticized so many times  
Wondering how could this be  
You're down and out, no one's around  
So you fall to your knees

### **Pre-chorus**

(You must) know you're not alone  
(You can) make it just be strong  
(God will) meet you at your need  
Where you are that's where He'll be  
(repeat)

### **Chorus**

He can be your everything, totally  
God can be your everything, totally  
Just what you need

### **Verse**

There's no need to fear, don't shed a tear  
He's right by your side  
Don't be afraid of a little rain  
The sun is gonna shine  
Wipe tears away, laugh and play  
God's got what you need  
Hold your head up to the sky now  
You've got victory

### **Pre-chorus**

### **Chorus (2x)**

### **Bridge**

He can be your everything, totally  
He can be your everything, totally  
He can be your everything, totally  
He can be just what you need

### **Chorus (2x)**
